

Dear Sir/Mdm,

Pleasant greetings from Grid Media Pte Ltd (Singapore)!

First and foremost, I would like to thank you for reading this.

Grid Media is in the midst of producing documentary, "Dagang"- (Traders) for our local broadcaster, Mediacorp Pte Ltd, Suria channel in Singapore. A brief synopsis of the program is below.

"Dagang" or Traders highlights Singapore's trading history as early as 19th century to early 20th century. In this one-hour program, we will feature a business that impacted Singapore till today. We will then travel to the places where the source of the goods originated.

The main objective of this series is to embark on extending and enriching the historical experience based on modern background and to strike a balance between historical and travel values while providing informational content to audience.

For one of the episodes, we feature carpets from Iran. We would trace back the history of carpets from the olden days till this present day. From how the carpets are made till it is being exported to other countries.

We have engaged Iranian freelancer, Hesam Dehghani as our line producer/fixer to handle all the pre-production duties. (Email: [hesgan@yahoo.com](mailto:hesgan@yahoo.com))
