Subject: Letter of Recommendation for Persian Magic Art Group

Dear Sir/Madam,

One of our clients, Elsevier, asked us to make an interview program with scientist in different venues all over the world. One of the venues was the Islamic Azad University in Teheran, Iran. Since Persian Magic Art Group is based in Iran, we hired their services and expertise to film the interview.

Hesam Dehghani, founder of Persian Magic Art Group arranged most of the shoot. He took care of the technical aspects (camera, sound and lights), the pre-production (obtaining permits and making arrangements) and the delivery of the material to us.

We were very content with the execution of the project. Raw material looked fine, sound quality was good and all in all it was a hassle free production. The quality of the material lived up to our expectations and requests about the delivery were immediately answered.

Communication skills should be mentioned especially. The English briefing was carried out precisely and oral and written communications were excellent.

If we have another project in the region in the future, we will contact Persian Magic Art Group for certain. If you're looking for someone to produce your video independently, we would recommend to consider Persian Magic Art Group.

Respectfully yours,

Renate Visscher, Marco Klein + Partners
